### **NOTICE TO FUNERAL DIRECTORS**

Please be aware we have recently re-surfaced all of the walkways around the Burial site and are saddened to see that the use of mechanical machinery is causing the edges of the pathways to break up, which in turn becomes expensive to replace together with a Health and Safety issue. Redlynch Parish Council respectfully ask that all grave diggers are aware of this situation and in future if a tracked vehicle is to be used it is driven over protection board at all times.
