

REDLYNCH PARISH COUNCIL NEWSLETTER

I hope this Newsletter finds you all in good health during this very worrying and surreal situation we find ourselves in.

I am sure, like me, you are being inundated with information via emails and social media regarding Covid-19.

I do not want to add to the many communications you are receiving but wanted to let you know that the Parish Council together with the local Church are offering community support should you require assistance. I have a list of volunteers willing to help any parishioners who require support at this difficult time. If you are willing to help or should you require help yourself please contact me.

I thought it might be useful to try to collate information I have come across both via email and social media and categorise it all so you have a point of reference.
